

Joel Barlow High School
Parent Teacher Student Association (PTSA)
Volunteer Opportunities 2011-2012

Parent involvement contributes to the success of the Barlow community; your help will make a difference and is greatly appreciated. Please see the many opportunities to share in the Barlow experience below, and sign up for something (or somethings!) that interest you. Even if it is just baking brownies once, it'll be a big help. A committee chair will contact you when the need arises. *(Please note: you may not receive a call if there are no volunteer opportunities currently available in your area of interest.)*

Please check those items that interest you.
